## A Prehistoric Settlement near Corinth

by

CARL W. BLEGEN, PH.D.

xv + 139 pages and 8 plates, of which 5 are in color

THE excavations of which this book is the official report brought to light stratified remains of the bronze age and made possible a classification of pottery of the Greek mainland between 2500 and 1100 B.C. Besides the pottery, walls and floors of houses and various objects of minor art were discovered, by means of which the picture of the civilization that preceded the "Mycenaean" age and of that age itself is made clearer.

The price of the book is \$5.00, but to members of the Archaeological Institute a reduction of 25% is offered, making the price \$3.75.

The Publication Committee also offers two of the earlier publications of the School at greatly reduced prices, as follows:

Waldstein's *Argive Heraeum* (2 volumes, unbound)  
\$10.00.

Seager's *Explorations in the Island of Mochlos*  
(boards) \$3.00.

Checks should be made payable to the Chairman of the Publication Committee, PROFESSOR GEORGE H. CHASE, 12 Shady Hill Square, Cambridge, Mass.

## ARCHAEOLOGICAL INSTITUTE OF AMERICA

ART AND ARCHAEOLOGY tells the story of the Arts throughout the Ages in simple language, illustrated by beautiful pictures. Human interest, timeliness, and literary merit are the tests applied in the choice of articles; artistic quality and appropriateness in the selection of illustrations.

The contributed articles are of varied interest, embracing the fields of Oriental, Greek, Roman, Christian, Renaissance, and American archaeology and art. Full page illustrations are made an attractive feature. Notes from the various fields and brief paragraphs concerning archaeological discoveries, new books, and other items of current interest are worthy of mention.
